

This year will mark the 3rd annual Learning Curve bicycle circuit race at Foothill College in beautiful Los Altos, California.

This event is a fundraiser that is designed to help Foothill College build a safe bicycle path around the campus for not only its students, but also the local community.

All the proceeds from this event will benefit the Foothill Bike Path Fund and the Los Gatos Bicycle Racing Club.

Be part of the winning team and contribute to a community bicycle path for the cycling community.

We are looking for a few generous business partners to help us cross the finish line for this worthwhile project.

There are several levels of sponsorship participation including gold, silver and bronze sponsorships! Visit our website at www.foothillcollegecircuitrace.com for more information.
